

**PRODUCTION AND SALES MONITORING
DIRECTLY FROM YOUR POCKET**

ipotap is an ideal tool to control production and sales in real time directly from your pocket device. It is suitable for every kind of loading equipment: a front end loader, an excavator, a reach stacker, a fork lift, a mining or road truck, a garbage collecting truck. **ipotap** gives you the right true insight of your machine production and sales. Imagine receiving vital information on your fleet production in real time while being seated somewhere else. **ipotap** is supported by **ipotweb.com** a **VEI** production and sales data insight web portal connected wireless to your working equipment. **ipotap** is a free download from the **App Store** and **Google Play**.
